THOUGHT LEADERSHIP & CONTENT MARKETING OPPORTUNITIES

Position your company as a thought leader and solution-provider in the industry! By including your thought leadership piece in **SIOR Report** Magazine, you can educate SIOR members on the benefits of using a product or service similar to what you provide, while also improving the credibility of your company with commercial real estate's most successful industrial and office professionals.

Draw attention to a recent research study, infographic, white paper or in-depth blog post by publishing its executive summary in SIOR Report Magazine. Below are the guiding principles for your thought leadership piece:

- Content should be educational in nature and solution-based, geared to solving a common problem or need of the commercial real-estate market. The educational content should not promote the company's product or service but rather communicate best practices that would allow SIOR members and professionals to be more effective and efficient in their roles.
- Content should include practical, useful information in which the SIOR member would find value, and should be independent of the particular editorial advertiser. The overall message and tone should not be promotional in nature.
- SIOR reserves the right to edit or alter content or deny the ad as it deems necessary to meet the above requirements and provide maximum value for its members. Any changes to content will be communicated with the supplying party for final approval.
- Content must identify company and state that the piece is a Thought Leadership Article – Sponsored by XXXX
