CREATE 360

OCTOBER 21-23, 2020 | VIRTUAL EVENT

With almost 800 attendees from across the globe, CREate 360 demonstrated the power of the SIOR network. At this virtual event, SIOR members, exhibitors, sponsors, and other CRE professionals came together for three days of exceptional programming, connections, and social engagement. General session speakers Alan Mulally, Condoleezza Rice, and Leslie Odom, Jr. brought diverse views and thoughtful content, while the event's breakouts provided audience—and industry—specific content on the future of CRE brokerage. And to top it off, there was a little fun to be had: mixology courses, virtual casinos, and even a night at the races.

Thank you to all who participated, as well as our sponsors, exhibitors, speakers, and volunteer leaders.
